Theatre Wikipedia

Theatre took a big pause during 1642 and 1660 in England because of the Puritan Interregnum. Theatre was seen as something sinful and the Puritans tried very hard to drive it out of their society. This stagnant period ended once Charles II came back to the throne in 1660 in the Restoration. Theatre (among other arts) exploded, with influence from French culture, since Charles had been exiled in France in the years previous to his reign.
